Award for Outstanding Achievement in Popular Annual Financial Reporting

PRESENTED TO

**Stark County
Ohio**

**for the Fiscal Year Ended
December 31, 2018**

Christopher P. Morrell

Executive Director / CEO

The Government Finance Officers Association of the United States and Canada (GFOA) has given an Award for Outstanding Achievement in Popular Annual Financial Reporting to Stark County, Ohio for its Popular Annual Financial Report for the year ended December 31, 2018. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local popular reports.

In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report whose contents conform to program standards of creativity, presentation, understandability and reader appeal.

An Award for Outstanding Achievement in Popular Annual Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the Popular Annual Financial Reporting requirements, and we are submitting it to GFOA.

September 2020

Alan Harold
Stark County Auditor

I am pleased to present the Stark County Popular Annual Financial Report (PAFR) for the year ended December 31, 2019. The report provides a brief analysis of where county revenues come from and where those dollars are spent, as well as an overview of trends in the local economy. Above all, it is designed to present a financial report that is easy to understand.

The PAFR, which has been generated internally by the Stark County Auditor's Office, summarizes the financial activities of the primary government of Stark County (County) and was drawn from the financial information appearing in the 2019 Comprehensive Annual Financial Report (CAFR). The CAFR was prepared in conformance with Generally Accepted Accounting Principles (GAAP) and was audited by the Auditor of State of Ohio, receiving an unmodified opinion. The PAFR, however, is unaudited and is presented on a non-GAAP basis. The major differences between GAAP and non-GAAP reporting deals with not including component units and in the presentation of segregated funds, as well as full disclosure of all material financial and nonfinancial events in notes to the financial statements. The statements presented within this report contain all funds used by the County to account for the financial activities of the primary government. Individuals who desire to review GAAP basis, full disclosure financial statements should refer to the County's CAFR, which is available from the County Auditor's office or visit the website at <http://www.starkcountyohio.gov/auditor>.

The Popular Annual Financial Report of Stark County is presented as a means of increasing public confidence in the County's government and elected officials through easier, more user friendly financial reporting. As you review our Popular Annual Financial Report, I invite you to share any questions, concerns, or recommendations you may have.

Sincerely,

A handwritten signature in blue ink that reads "Alan Harold".

Alan Harold
Stark County Auditor

Stark County Government Organizational Chart

Appointed Board and Commissions; Statutory Boards and Commissions; or County provides space or gives financial support:

County Property Taxes

The following table provides the amount of taxes on an owner occupied home with a market value of \$100,000. The full tax rate appearing in the table includes both inside (not voted) and voted levies for all subdivisions within the taxing district. The effective tax rate is the tax rate actually applied in calculating your tax liability. The effective tax rate is determined by the State Department of Taxation each year. In essence, the effective rate ensures that an individual's tax liability does not increase on voted levies as a result of appreciation in value due to economic conditions. The tax on a home with a \$100,000 value is a relatively simple calculation: take the \$100,000 appraised value times 35% to get the assessed value; then multiply the assessed value by the effective tax rate. This is the gross tax due. This gross tax is then reduced by the Non-Business Credit and the Owner Occupancy Credit which is the amount the state pays on behalf of each individual homeowner who resides in that home under the state rollback programs currently in effect.

Auditor's Office

Fiscal Services (Finance and Payroll)

The Stark County Auditor is the chief fiscal officer of the County. It is the auditor's responsibility to perform the following functions:

- Account for revenues received each year by the County.
- Issue warrants (checks) in payment of all County obligations, including the distribution of tax dollars to the townships, villages, cities, school districts and library systems, as well as other County agencies.
- Serve as the paymaster for all County employees.
- Administer and distribute motor vehicle license fees, gasoline taxes, estate taxes, fines and local government funds, in addition to real estate, personal property and manufactured home taxes.
- As required by law, prepare and produce the County's annual financial report. Stark County prepares a Comprehensive Annual Financial Report (CAFR) and a Popular Annual Financial Report (PAFR).

Real Estate Taxes and Rates

Under Ohio law, the county auditor cannot raise or lower property taxes. Tax rates are determined by the budgetary requests of each governmental unit, as authorized by vote of the people, and are computed in strict accordance with procedures required by the Division of Tax Equalization, Ohio Department of Taxation. Annually, the auditor prepares the general tax list. Your tax bill is based on the tax rate multiplied by your valuation on this tax list. This is your proportional share of the cost of operating your local government including cities, villages, townships, schools and the County. Ohio law limits the amount of taxation without a vote of the people to what is known as the "10 mill limitation" (\$10.00 per \$1,000 of assessed valuation). County residents must vote any additional real estate taxes for any purpose. Your "tax rate" is an accumulation of all these levies and bond issues.

Real Estate Appraisal and Assessment

Stark County has nearly 197,000 separate parcels of real estate property. It is the duty of the auditor to see that every parcel of land and the buildings thereon are fairly and uniformly appraised and assessed for tax purposes. Ohio law mandates a general reappraisal every six years with an update at the three year midpoint. Stark County's next reappraisal will be in September 2024. The office maintains a detailed record of the appraisal on each parcel in the County. These records are open for public inspection. For taxation purposes, owners are assessed at 35 percent of fair market value.

Real Estate Conveyance and CAUV

This department is in charge of transferring all real estate that changes ownership in the County and collecting fees on this activity. They maintain all ownership records, acreage changes, real estate splits and provide information for maintaining tax plat maps. The auditor is also in charge of administering the Current Agricultural Use Value (CAUV) program that allows farmland to be taxed at its value for that use. Agricultural districts and forest certification are other responsibilities of this department.

Licensing

The auditor's office is the focal point in the County for issuance of licenses for dogs, vendors and cigarette sales. Stark County annually issues more than 50,000 dog licenses. Vendor licenses authorize businesses to sell tangible property to the public and collect sales tax, a part of which is returned for use at the local level.

Manufactured Housing

There are 50 manufactured home communities currently operating in the County. Stark County has one of the largest populations of manufactured homes in the state of Ohio. Under Ohio law, it is the responsibility of owners of manufactured homes to register their homes with the county auditor for tax purposes. Annually, the auditor's office assesses each manufactured home and prepares a tax list. Tax bills are sent to each owner semiannually. The manufactured home tax is distributed back to the local taxing districts in the same manner as real estate taxes.

Weights and Measures

The Department of Weights and Measures plays a vital role in our everyday lives. Our economy is essentially based on the monetary value placed on goods and services bought, sold and traded daily. That monetary value is ultimately determined by an accurate system of weights and measures. Each year the auditor's office inspects and certifies more than 5,200 devices in over 600 locations throughout the County. Weights and Measures, as defined by Ohio law, means all weights and measures of every kind, instruments and devices for weighing and measuring, and any appliances and accessories associated with any such instruments and devices, except that the term shall not be construed to include meters for the measurement of electricity, gas, or water when the same are operated as public utility system. The county auditor is required by Ohio law to inspect all commercial devices used in retail trade for weighing or measuring. This includes checking gas pumps, price scanners, meat and produce/truck scales.

Stark County Information Technology Services

The auditor is responsible for the management of the County Information Technology Center and serves as the Chief Administrator of the Data Processing Board. Changes in computer systems and planning must be approved by the board to automate various County functions. Improving financial and record keeping systems of the County will improve services, reduce costs and provide County officials with a modern management tool to better administer the business of government. The Stark County Information Technology Division supports all aspects of computing for government offices in the County. Some of these services include programming, personal computer hardware and software support, consultation, management, logistical support and network services. Information Services supports over 1000 nodes in the County computer network. A node is an active networked computer connection such as a personal computer, terminal, printer, server, switch, router, or other networked devices.

Additional Duties of the Auditor

Secretary of the Budget Commission
Secretary of the Board of Revision
Tax Incentive Review Council Records

Development & Trends

Stark County, which is located in the Northeastern section of Ohio, was established in 1808 and covers an area of 567 square miles and includes 17 townships, 13 villages, and 6 cities, the largest of which is the City of Canton, the County Seat, and the eighth largest city in the State. It is strategically located in proximity to all modes of transportation including truck, railroad, and air. Because of this, many businesses have chosen to make Stark County their home.

The Canton/Stark County area offers many of the amenities and activities of a big city, with the advantages of small-city living. The area's low cost of living makes it an appealing place for businesses and employees. As a matter of fact, many people who work outside of the county are settling here because of the quality schools, economical prices, and abundant housing.

Interstate 77 links Stark County with the national interstate highway network, providing easy access to all the major markets in the United States and Canada. In addition, freight and passenger services are readily available through three major carriers and a regional airport which provides commercial air service for nationwide travel, including direct flights to Chicago, New York City, Boston and Washington D.C. Neomodal, an ultramodern 28 acre rail/highway transfer facility, located in the county, transports products consistently and efficiently to both domestic and international locations. Neomodal provides convenient 24 hours access to Stark's three railroads.

Top Ten Employers Stark County Ohio

Largest Employers	Employees
Aultman Health Foundations	6,800
Timken Steel Corporation	2,659
Mercy Medical Center	2,655
County of Stark	2,412
Freshmark, Inc	1,846
Canton City Board of Education	1,599
Walmart	1,209
The Timken Company	1,049
Stark State College	987
Workshops, Inc.	624

*Human Resources of Listed Companies as of
12/31/2018 due to Covid-19 Pandemic*

Over the past 20 years, Stark County has had the same shift in its employment base as many other parts of the country have. Service and education have taken the place of manufacturing, and that is evident from the list of top 10 employers. Aultman Health Foundation tops the list again this year, with Mercy Medical Center in the top 10. Canton City Board of Education and Stark State College remain dominant service side employers as well. In a community with a long and rich history in manufacturing, only Timken Company and TimkenSteel Corporation remain at the top within this sector.

While calendar 2019 reflected broad economic and employment successes, the country and global community have been mired in the effects of COVID-19. Unemployment, at 3.8% in May 2019, reached 12.6% in May 2020. While this has fallen from its peak, it is still concerning to the community's near-term economic health.

The County is home to the National Professional Football Hall of Fame, which is located in the City of Canton and attracts more than 225,000 visitors annually and is undergoing an ambitious redevelopment. We are blessed to have this national treasure as the driving force behind our County's vibrant tourism industry. Higher education is an important part of Stark County's economic landscape. Malone University, Walsh University, University of Mount Union, Kent State – Stark, and Stark State College of Technology are important partners in workforce training as they prepare students for meaningful work and fulfilling lives.

Striving for Continuous Improvement

Stark County government has a ½% criminal justice sales tax, which was renewed in May 2017 to run through March 31, 2028. We are grateful to the citizens for this critical investment in its county government. The Commissioners continue to invest in restoring services to the public as well as in neglected infrastructure across county-owned property. In preparing the County budget this year, the Commissioners stressed the need for good stewardship of the County's resources. The budget was crafted in a way to keep services sustainable over the next five years. Stark County residents and visitors enjoy the lowest sales tax in the State of Ohio, and together we continue to make Stark County a great place to live and work.

The Stark County Auditor's Office is committed to transparency, accountability, and efficiency not only in the Auditor's Office but across County government. The Auditor and Treasurer continue to hold monthly meetings with the Commissioners in an effort to keep both the board and the public aware of the County's financial condition. The Auditor's Office continues to find ways to streamline its processes and hopes to make significant improvements to its financial and payroll systems within the coming year.

Property Tax Collections

Striving for Continuous Improvement

Economic development is critical to both the short and long term success of the region. The County is engaged with Carroll and Columbiana counties to study and plan the expansion of Route 30. The County realizes the seriousness of drainage problems across the region and continues in its planning to address these needs. The Stark County Engineer's Office is responsible for maintaining the County roads, bridges, and storm sewers, and its investments in this infrastructure helps prepare our County for future growth and a safer community. The Stark County Land Reutilization Corporation ("land bank") works with each political subdivision to address blight that has been both decades in the making and as a result of the national mortgage crisis.

Resources Taken In

Resources taken in are the amounts which the County receives from a variety of different sources in order to pay for the Services it provides.

Taxes are resources which include Sales Tax, Real Estate Tax, Personal Property Tax and a variety of smaller taxes.

Charges for Services are the combined resources of various County departments and agencies for fees paid to them by the public such as court cost and fees for recording deeds and transferring property.

Licenses & Permits are the revenues derived from the selling of vendor licenses, dog licenses, and other items.

Fines and Forfeitures are the resources derived from fines levied in the Courts and the monies received from a variety of forfeitures, including drug arrests and seized property.

Intergovernmental Revenues are the combined resources received from grants and from pass-through monies administered by the State of Ohio and Federal Government.

Special Assessments are amounts levied on real estate tax bills by the County and other local governments for providing improvements such as ditches, water and sewer service, curbs and lighting.

Investment Income is the earnings of the County Treasurer's investments.

Note 1: Revenues rose by \$22.7 million while expenditures increased by \$1.2 million when compared to 2018.

Note 2: Intergovernmental revenue increased by \$13.6 million due to a large increase in operating grants that help fund governmental services in the health and human services sectors. Investment income and property taxes had a combined increase of \$9.7 million, which serve as good indicators of a growing and stable economy due to appreciating home values and higher market yields when compared to 2018.

Note 3: The largest increase in services provided was in the capital outlay line item. The completion of the Job and Family Services Midtown Building renovation and the implementation of the new finance system occurred during 2019. In addition, a new payroll system and a new real estate CAMA system were both completed during 2019 and went live on January 1, 2020.

The Financial Activity Statement information was taken from the Statement of Revenues, Expenditures, and Changes in Fund Balance for Governmental Activities located in the County's Comprehensive Annual Financial Report (CAFR). The amounts are rounded to the nearest thousand.

Financial Activity Statement Resources Taken In • Services Provided

Resources Taken In

Taxes Further Broken Down

Services Provided – *Services Provided are the amounts spent in order to provide services to citizens.*

Legislative and Executive expenditures are the expenses incurred for administrative offices including the Commissioners, Auditor, Treasurer, Prosecutor, and Recorder.

Human Services expenditures relate to the cost of the Human Services Department, the Board of Mental Retardation/Development Disabilities, and Children Services Board.

Intergovernmental expenditures are monies which are passed through the County government to other governments, including Transportation Improvement District.

Judicial expenditures reflect the costs of administering justice through the Stark County Courts, which include the Courts of Common Pleas, Juvenile, and Domestic Relations.

Conservation and Recreation expenditures are costs incurred to maintain the County parks and for conserving the beauty of County lands.

Debt Services expenditures relate to the costs of paying interest and principal on County Debt.

Public Safety expenditures reflect the costs of the Sheriff, Coroner, and Probation Departments.

Public Works expenditures reflect the costs incurred to maintain County roads and bridges

Economic Development expenditures reflect the work that is done to stimulate the economic development for Stark County.

Health expenditures are those services to maintain public health.

Financial Position Statement

Summary

The Financial Position Statement, known in accounting terms as the “Statement of Net Position”, is designed to provide a picture of the County’s Financial Position as of the end of the year. Explanations of specific accounts are as follows by where they appear in the financial position statement:

Stark County 2019 Financial Activity Statement

Financial Benefits	2018	2019
Cash & Investments	\$154,000,000	\$171,000,000
Receivables	133,000,000	136,000,000
Property Equipment	207,000,000	217,000,000
Other assets	5,000,000	4,000,000
Total Financial Benefits	\$499,000,000	\$528,000,000
Financial Burdens		
Amount Owed to Employees and Vendors	\$14,000,000	\$15,000,000
Short-Term Debt	11,000,000	10,000,000
Long-Term Debt	188,000,000	263,000,000
Total Financial Burdens	\$213,000,000	\$288,000,000
Total Financial Benefits Over Financial Burdens	\$286,000,000	\$240,000,000

Note 1: Financial benefits increased by \$29 million in 2019 when compared to 2018. Cash and Investments went up by \$17 million due to a strengthened financial market during 2019. Property and Equipment also increased due to the capitalization of several projects that were considered construction in progress in past years.

Note 2: Financial burdens went up by \$75 million in 2019 when compared to 2018. The long-term debt increased by \$31 million due to an additional net pension liability increase of \$65.8 million in 2019. The Net OPEB Asset/Liability is further defined in our 2019 CAFR under Note 11.

The Financial Activity Statement information was taken from the Statement of Net Position for Governmental Activities only located in the County’s Comprehensive Annual Financial Report (CAFR). The amounts are rounded to the nearest million and do not include deferred outflows or inflows of resources.

Benefits over Burdens

This amount represents the difference between the financial assets of the County and the liabilities which it must pay. The amount provides the net worth of the County.

Readers of the Financial Position Statement should keep in mind that the statement is presented on a non-GAAP basis, and those desiring to review GAAP basis reports should refer to the County’s Comprehensive Annual Financial Report for 2019.

Benefits

Cash is the amount of physical cash held by the County in checking accounts and on hand for purposes of paying expenses.

Investments are made up of the funds not needed to be held to pay expenses, so the Treasurer invests these funds in a variety of different types of accounts. This allows the County to earn interest on its surplus cash.

Receivables represent the amounts which are owed to the County and which are expected to be paid to the County over the course of the next twelve months.

Property & Equipment represent the furniture, equipment, vehicles, land, buildings, roads, bridges, and water and sewer plants and mains which provide for an economic benefit of greater than one year.

Burdens

Amounts Owed to Employees and Vendors are those items which the County owes to individuals and companies who supply a service or good, and the expected payment is to be made within twelve months.

Short-Term Debt represents amounts borrowed by the County which must be repaid within one year.

Long-Term Debt represents the amount of bonds which the County has issued and still owes. Bonds do not have to be paid off in one year, rather the County makes monthly or yearly debt payments on these amounts.

Other Liabilities are those items other than Amounts Owed to Employees and Vendors, as well as Short-Term and Long-Term Debt. Examples would be Amounts Owed to other Governments and other funds.

Receivables and Summary of Debt Instruments & Analysis

This summary provides an analysis of the different types of receivables carried by the County for Governmental Activities only.

Receivables

Amount

Accounts Receivable	\$2,398,941
Intergovernmental Receivable	46,833,224
Sales Taxes Receivable	8,223,838
Property Taxes Receivable	72,091,411
Special Assessments Receivable	2,457,436
Loans Receivable	2,937,361
Accrued Interest Receivable	695,614
Total Receivables	\$135,637,825

Summary of Debt Instruments

Special Assessments
Special Assessment Bonds are issued to pay for improvements benefitting property owners, and the owners pay the County over twenty years.

General Obligation
General Obligation Bonds are long-term debt instruments which are repaid from the County's general revenue sources.

Bond Anticipation Notes
Bond Anticipation Notes are short-term, interest-bearing debt instruments that are paid off with future bond issuances for upcoming projects.

Loans
Loans are acquired from state agencies for various sewer, water, and road projects. These are repaid from operating revenue of the Sanitary Engineer's office and intergovernmental revenue of the Engineer's office.

	Balance at 01-01-2019	New Money (ADDS)	Paid Off (DELETES)	Balance at 12-31-2019
Special Assessment	\$2,369,646	\$0	\$311,747	\$2,057,899
General Obligation Bonds	19,180,353	0	1,428,255	17,752,098
Loans	65,223,221	1,339,961	3,422,978	63,140,204
Total Debt	\$86,773,220	\$1,339,961	\$5,162,980	\$82,950,201

Debt Outstanding Trend Analysis

The County's bond rating was Aa2 in 2019 from Moody's.
