Agenda Item/Topic	Highlights/ Discussion	Outcome/ Assignments	
Welcome – Kay - Introduction/New members - Approval of June 20th Minutes	New members Joy Burch and Nicole Borbonus from Aultman Hospital introduced themselves; Libby McGraw from CC Mercy also introduced herself Minutes were approved.	Cindy Linger made the motion to approve minutes; seconded by Randy Flint	
Health Improvement Summit: Kay - Overview - Evaluation - Ideas for 2025	- Had good turnout for HIS. Just under 150, which may be most attendance at HIS. - Overall evaluation passed around at meeting. If you would like a copy of the evaluation, Kay can send it out. - Overall favorable evaluation by around 60 people who completed it. Most of the ratings were 4.5 or above. - Mixed reviews on assigned tables. Some liked it and some did not. - People want more interactive sessions. - A few suggestions for the next HIS.		

Meeting Minutes

	• Asked if our group should continue with current 5 strategies during next cycle and 73% said yes.	
CHIP strategy committee work updates: Lead/co-leads • #1- Digital Platform for SDOH • #2- Digital Wellness and Safety • #3- Behavioral Health Supports for school staff within their school districts • #4 Formalized partnerships between behavioral health providers and medical offices/urgent cares • #5- Guaranteed funding for addressing non-treatment barriers for behavioral health access Meetings continue for each committee usually monthly or as needed.	Things are going well with committee and getting things done. • #1 Digital platform for SDOH, Dr Mader's group has had some community meetings to introduce further discussion on the platform and internal meetings. Working on funding for this. It is progressing. • #2 Digital Wellness and Safety and #3 Behavioral Health Supports for school staff within their school districts had presenter at Summit from Boston Children's. Been meeting with students and school systems and groups that can help create messaging and awareness to this topic including cell phone policies in schools. Exploring ways to get communication out about this topic. Had a very good survey that four schools participate in, in various districts and parts of the county. They were great with pushing out survey to staff and had a good response rate. Meeting with districts on lots of other topics and other districts are expressing interest and how to we add them to the current process. Stark County Suicide coalition is working on same strategy from a broader standpoint, looking at the workforce in general. Set-up by StarkMHAR. Contact to share information. StarkMHAR sent out resource card to school staff digitally. • #4 Formalized partnerships between behavioral health providers and medical offices/urgent cares: Survey conducted by the group. Working on scheduling individual

	meetings with stakeholders to gauge what their processes are now and if they are willing to change processes or need help. Release of records form is being updated in the next month and should have an update at next meeting. Make sure agencies are aware of what resources are available to them and how can they access them. Guaranteed funding for addressing non-treatment barriers for behavioral health access: had a survey created by CMOR and almost ready to send out. Survey asks about 5 identified SDOH from partners including transportation, food insecurity, housing, health literacy, and utilities. Looking to survey with help of agencies that work directly with individuals that experience these barriers or have a higher potential to experience these behaviors. Confirming list of agencies willing to survey patients or clients. Have survey digitally or online and will have a Spanish version available. The committee will work to collect surveys during October and finish in November. Please reach out to Cindy if you are interested in distributing survey out at your place of business. Expanded target audience beyond those with mental health, to those who have barriers accessing mental health care or any of the barriers.	Patti will share resource card with the Advisory Committee
CHIP Evaluation- Kay/Kelly - Clear Impact - Presentation at December meeting	Our committee provides a CHIP evaluation each year. - Kelly is looking into using Clear Impact to assist in creating report, an online performance management system. - Community members can have access to Clear Impact and agencies could	

Meeting Minutes

	potentially go in and add their own data. By December meeting will have presentation of what was done in the first year and how things are progressing.	
2025 CHA- - Review of vendor options - Meeting to discuss funding/vendor	The 2025 will begin another cycle of CHA. We are looking into how we want to do our updates for the next cycle. - We're gathering information on ways to do update and potentially change vendors who help produce the report. Exploring options on how to do updates. - Kay will be reaching out to Health Departments and Health Systems for input for the next cycle. - Reach out to Kay if you would like to be apart of this process or if you have any additional input.	
Announcements/Updates- all	- Abigail: leaving SCHD to stay home with new baby. SCHD did not receive CHC grant for the next 5-year cycle. SCHD looking for ways to continue to support healthy living and active living strategies. Live Well next steps to meeting on Thursday October 10 at 1p, see Amanda for invite. Stark County Food Council is hosting a community conversation on Wednesday October 9 from 6-7p at the North Branch of the Stark Library. - Randy: ACHD involved in a lot of community outreach events. Had a safety event and HealthMobile was in the area for an event. Attended Senior Expo and did vaccines. Several car seat checks have been happening. Trying to partner with community partners to get Naloxboxes out in community and harm reduction vending	

Meeting Minutes

	unit at Alliance Commons seeing more utilization. • Cindy: Completed customer satisfaction survey which was randomized to get a true picture. 75 people surveyed and 95% satisfaction rate was received. Negative comment was person had to switch community health workers which can add anxiety to patients. Community Health Worker are currently at Gibbs and Franklin Elementaries with United Way. Working to put CHW at Alliance Preschool. They are picking up momentum having them in the schools. The schools are very receptive to having them • Eric: Completing expansion project. Open house on October 8 with ceremony and dignitaries. Only 7 invitations left and if you would like one, please reach out. • Dan: Working with Thrive grant from Canton to hold play groups to enhance social connectedness. Awarded Family Peer Support Specialist grant for 11 counties in Ohio. Will add more Peer Support Specialist and begin servicing families in January and run through the end of 2026. Working with peers to navigate single parent households. • Dr Powe: Fully staffed for YSU Reach Project. Designed to look at racial and ethnic approaches to health. Goal is to work with those who want to promote healthy living and create policies to support these changes and make it more conducive to happen. Encourage families to collectively think about their health and reduce weight issues. Running ads on radio

Meeting Minutes

	station. Stark County not in jurisdiction but want to encourage these changes all over. • Julie: October 23 at Cultural center hosting annual Take Back the Night event. Survivor event where speakers and resources will be available. If want to have a resource table, please reach out and help to promote the event. • Patti: New school year started and ESC has a variety of audiences that include Family Support Specialist. If you want any school audiences they work with, reach out to Patti to see where information would be most valuable. Having lots of conversations with districts with OhYes! data and letting them know how supported this survey and its results are to the community. • Kelly: Through Adolescent Resiliency Grant, continue to do trauma informed training for adults in the community. Anybody who works with adolescents between the ages of 10-24. Free training and if interested reach out to Kelly. • Denny: Journey beyond the call with Fire and EMS to get people connected with resources. Expanded from harm reduction to include resources from children to seniors. Working with other agencies to get their resources expanded and better linkages. • Libby: working closely with SCHD to promote and update programs and CHA activities. • Amanda: Today is save a life day east of the Mississippi. HealthMobile will be in Navarre today for this event. Continue to look for partners who want to offer a

Meeting Minutes

	service on the HealthMobile. Looking to expand screenings and services. • Yvette: Distributed in last 2 months over \$5,000 worth of fruit and veggie vouchers. Working with Produce Perks. Will have redemption rates in January. Always looking for new youth classes and partnering with teachers. Looking for families to partner with to do classes. Reach out if you would like to partner for food and nutrition classes. • Anita: Massillon and Canton Health Department are having a diaper drive to donate diapers to diaper bank. Massillon Fall into Wellness event on Saturday September 28. HealthMobile will be in attendance. Garden has provided almost 300lbs of produce to Southeast neighborhood. Built their own greenhouse and try to grow things during non-growing season. Outreach coordinator has become resource navigator and when people come in, they fill out a half sheet with things people can fill out if they need help right now. A resource card has information that can be given to them and if it is not on the card, Katie can get more information and they can come back. Working with Massillon City schools in Southeast neighborhood to help get 25 families get out of poverty and health resources are provided. • Karen: Kicked off school year with scholars and had an event at Alliance Commons. Always looking for opportunities to connect with community organizations for students to learn about SDOH and how they are served in Stark County.

Meeting Minutes

	• Tasha: Opportunity to implement Peer program at SCHD. Had 7 staff members who would be Mentor and will get paired with new employees. Mentors went through training process in August. Two currently have mentees and another one will be added next week. Will assist in workforce development and provide training opportunities for staff. • Joy and Nicole: Generations program for 50 and over to keep socially active and help mental health. Offer education for seniors, art classes, concert program at the hospital, nutrition classes, and a bowling league. Free program for 50 and over. Looking to build up their volunteer program and dog teams. Talking to partners about CHNA and exploring options to get data collection.	
Next meeting: December 19 th at 9 am.
