

Do you need a safe place for your baby to sleep?

**The Stark County Health Department
is a EVERY BABY SLEEPS SAFE provider!**

Call TODAY to see if you qualify for a free portable crib!

330-493-9928

**Every week in Ohio...
3 babies die in unsafe sleep environments***

The Stark County Health Department offers education on safe sleep recommendations and distributes portable cribs provided through the Ohio Department of Children and Youth to participants who qualify.

Portable cribs are safe for all naps and overnight sleep for the first year of a baby's life. The American Academy of Pediatrics recommends that babies sleep in a crib, bassinet, portable crib or play yard that conforms to the safety standards of the Consumer Product Safety Commission.
